MOVIES

- [higher Void Travel] is changed to [Void Dimension quantum leap], which is no longer the flash skill of short distance.
- Void Starchaser is cosmos life, which can be used for cosmos navigation without the help of vehicle. In Void Dimension, the time-space curvature is changed by the similarity of Warping Void, and the quantum leap mode is used for long distance movement. Therefore, Starchaser can stay in Void Dimension for a long time. This skill Is to escape the divine skill.

[Enhanced Warping Void]

• [Warping Void] changed to [Enhanced Warping Void], the power is enhanced, and the use is easier, and the cooldown time is reduced.

[Void Ecdysis]

• The name has not changed, it is still the full attribute gain state, the actual effect has been strengthened.

[Radiation Energy Absorption]

- Void Starchaser absorbs stellar energy and cosmos radiation to enhance itself, which is the basic feature of cosmos life.
- The first role of this talent is to make Han Xiao a cosmos life, without any instrument assistance, to survive in cosmos, just like a fish in the water.
- The second effect is that the cells absorb cosmos radiation for a long time, and they can continuously obtain permanent attribute enhancement. The specific effects have not been tested. Han Xiao does not know the efficiency and whether there is a capping limit.

[cosmos environment adaptation body]

- there are countless high-energy radiation and particle flow in cosmos, and cosmos life lives in this extremely harsh environment, the body has strong adaptability and defense, like Han Xiao Star Traveling Beast, which was once hunted, has a skin thickness that is almost desperate.
- This talent transforms Han Xiao's body into cosmos life, providing considerable defense, physical resistance, harsh environmental resistance, all kinds of heat, cold, electric shock resistance and so on.
